Dear Property Owner, Resident:

Re: 26-0034 Niderost Street Water Main Lining Project

The City of Saskatoon (City) along with **Hamm Construction** have begun sewer main and connection replacements in your area. This project will include:

- Temporary Water Network
- Water Main Lining
- Restoration of all excavated areas

Over the past two weeks:

- Temporary water main construction is complete.
- All affected properties have been connected.

Over the next two weeks:

- Watermain cleaning and lining is in-progress.
- Watermain tie-in, commissioning and restoration will follow.
- Expected completion date is week of October 26th.

Throughout the project:

- Residents directly adjacent to the work are required to leave their carts as close to their normal pick-up location [without placing it in the work area] **prior** to 7:00 a.m. on the day of collection. The contractors will coordinate the pick-up of your cart; however, they will not enter private property to relocate your cart.
- If a **black or greet cart** is not emptied on the schedule collections date, please contact the Customer Care Centre at 306-975-2476.
- If a **blue cart** is not emptied on the scheduled collection day, please report the missed collection to Loraas by calling 306-242-2300.
- During each phase some noise and vibration is anticipated because of this work.
- Residents within the work zone will not be able to access the road or their driveways once closures are in effect. A pedestrian detour that meets accessibility needs may be implemented to ensure individuals with mobility or accessibility concerns can safely navigate around the work site.
- Please inform residents with disabilities and older adults using their preferred method of communication so they are fully aware of any changes.
- Canada Post has advised that some mail services may be affected due to construction activity in the area. For more information and to determine if your mail services are affected property owners are required to contact Canada Post directly.

The City of Saskatoon thanks businesses and residents for their patience while this necessary work is carried out. If you have any questions, please feel free to contact our Customer Care Centre at 306-975-2476 or email us at constructionupdates@saskatoon.ca .

The next project update is scheduled for **Wednesday, October 21, 2026.**

Sincerely,

Transportation and Construction Division
